

# HOOK-ON POSTER/INFORMATION KITS - CABLE SUSPENDED WINDOW DISPLAYS

Hook-on Poster/Information Kits - are an alternative to traditional slat-wall system, just hook on acrylic pockets or other accessories. The system allows you to create stylish interior displays for all types of information. Its an easy to use system which allows you to change the information fast. Use on walls or windows in estate agents, recruitment agencies, offices, receptions, museums and information areas. Select from wall mounted or cable suspended, from a standard range of pocket sizes or custom sizes which are also available on request...
