Gotcha Clips

Instructions For Hanging

Step 1

Place poster on a flat surface. Snap the Gotcha Holder open and insert poster (top and bottom). To close, snap the Gotcha Holder shut. **Fig. 1**

Note: It is easier to open and close the Gotcha Holder by starting at one end and working your way down the holder.

Step 2

Insert Gotcha Clips into slot on backside of the top Gotcha Holder only. (You should hear a "SNAP" when the clips are inserted properly).

Fig. 2

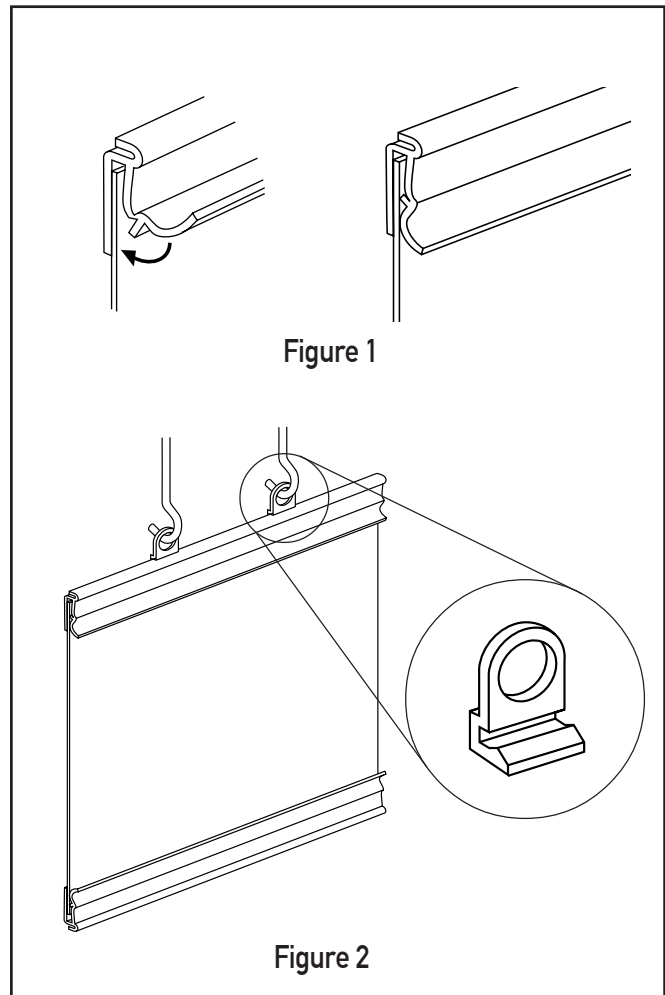

Note: For best results, place the clips 1/3 of the way in from each end on the top Gotcha Holder.

Step 3

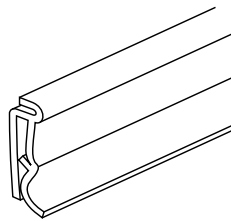

Suspend poster.

Important note:

Please save and reuse the Gotcha Holder and Gotcha Clips for future projects.

Instructions For Hanging

Step 1

Place poster on a flat surface. Snap the Gotcha Holder (top and bottom) open so hinge is turned up as far as possible. Insert graphic completely into holder until edge of graphic meets top of holder. To close, snap the Gotcha Holder shut.

Fig. 1

Note: It is easier to open and close the Gotcha Holder by starting at one end and working your way down the holder. With large or curling graphics, it may be easier to insert graphic at one end and slide into holder from one end to another.

Step 2

Insert Gotcha Clips into slot on backside of the top Gotcha Holder only. (You should hear a "SNAP" when the clips are inserted properly).

Fig. 2 & 3

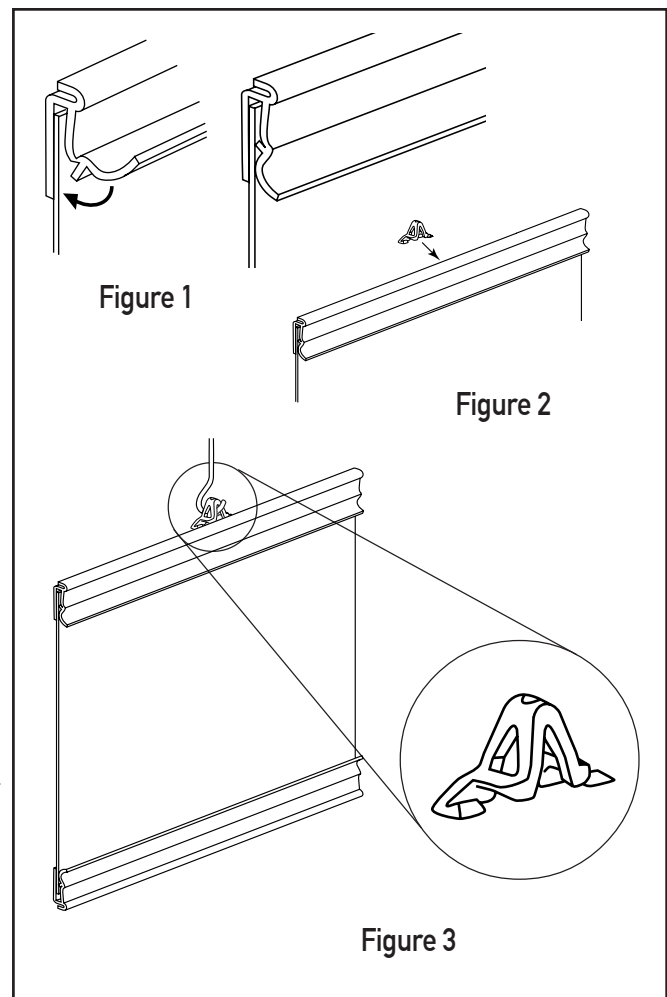

Note: For best results, place the clips 1/3 of the way in from each end on the top Gotcha Holder.

Step 3

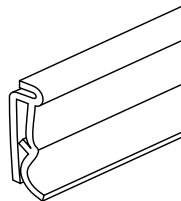

Suspend poster.

Important note:

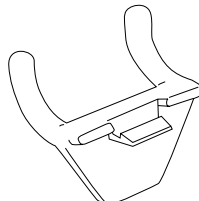

Please save and reuse the Gotcha Holder and Gotcha Clips for future projects.

Note: It is easier to open and close the Gotcha Holder by starting at one end and working your way down the holder.

Step 2

Insert the GotchaClips into the holes in the pegboard. For best results, place the GotchaClips in holes separated by a difference equal to half of the length of Gotcha Holder. (i.e. If holder is 12" place clips 6" apart). **Fig. 2**

Step 3

Push Gotcha onto clips, you will hear a "SNAP".

Step 2

Note: For OneUp applications, the Gotcha Holder is conveniently marked in the center.

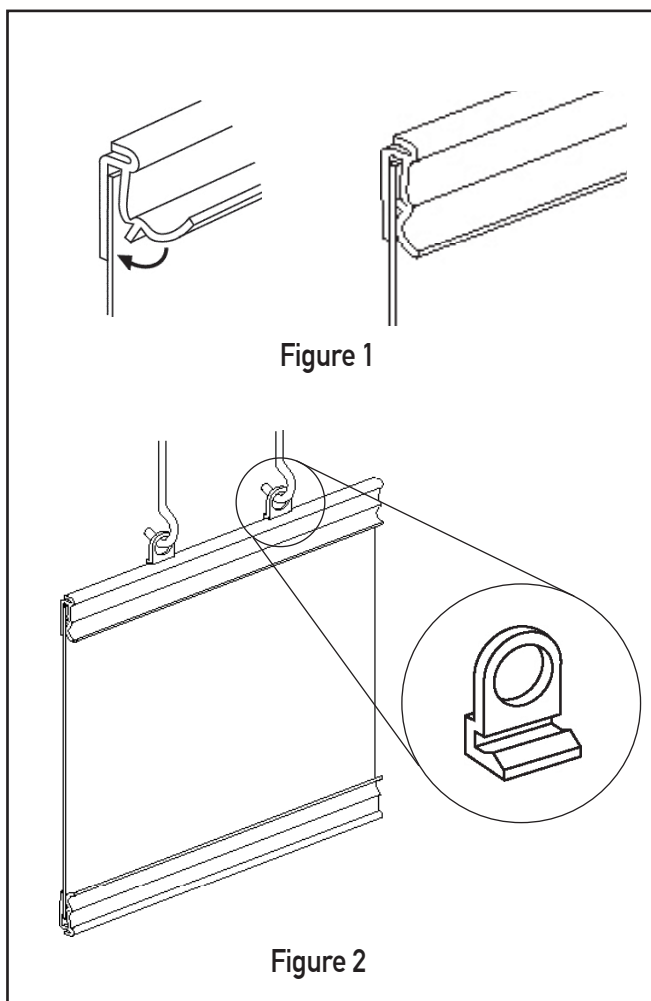

Find the mark and insert the OneUp Gotcha Clip into slot on backside of the top Gotcha only. (You should hear a "SNAP" when the clips are inserted properly). Fig. 2

Step 3

Place the hooks of the suction cups through the holes in the Gotcha Clips and press the Suction Cups firmly and evenly onto a clean window surface.

Important note:

Please save and reuse the Gotcha Holder and Gotcha Clips for future projects.

Step 2

Attach the Window Mounts to the Gotcha. You should hear a “Snap” when the clip is properly seated. **Fig. 2**

Note: For best results, place the suction cup clips 1/3 of the way in from each end on the top holder.

Step 3

Prepare the window and suction cups by making sure they are clean and free of dust and dirt. Press the suction cups firmly to the window.

Important Note:

For best performance when first applied and occasionally thereafter, press the middle of the cup (on the cap) to “burp” extra air out.
